Audiology News

Did you know that At Boreal Clinic you can get fit with trial hearing aids at your very first appointment? If you have difficulties watching your favorite shows, or hearing in noisy environments book an appointment with us to experience the difference hearing aids can make.

We have grown!

Over the past year our office has grown to 9 permanent staff, and we now have offices on both the main and 4th floors of our building. Despite our new office space, our team is often on the road working with clients in Carmacks, Carcross, Teslin, Atlin, Old Crow, and Haines Junction. We also do a lot of work with clients through Zoom which has been a great way to stay connected through physical distancing due to COVID-19.

Boreal Clinic has grown to help meet the needs of adults and children who need support with all forms of communication.
